## EQI FREE STANDING BATHTUB TAP

Fill your life with wellness with the unique freestanding bathtub faucet from the EQI series. The faucet provides both hot and cold water, and its elegant design complements both a rustic wooden bathtub and a modern, minimalist one. Enjoy your personal oasis in a whole new way – all year round.

The faucet is hand-assembled in Denmark and made from durable, rust-resistant materials, ensuring many years of enjoyment. Simply choose whether you prefer a faucet in solid copper or stainless steel.

# EQI FREE STANDING BATHTUB TAP

Frostline, crafted in Denmark for over 25 years, presents a diverse collection of frost-free outdoor products renowned for their elegant design, superior quality, and functionality. Our showers feature a mechanical valve that efficiently drains water after each use, enabling year-round usage without electricity. Constructed from stainless steel, they are environmentally friendly. With dual handles, adjusting water temperature is effortless.

Center distance	153 mm
Well	W 200 mm x H 900 mm
Valve: dept in well	600 mm (minimum)
Connection	½"
Faucet connection	½"

### Produktmåål

Total height	1944 mm
Total width	200 mm
Spout pipe	Ø 15 mm
Faucet	Ø 27 mm

### Packaging

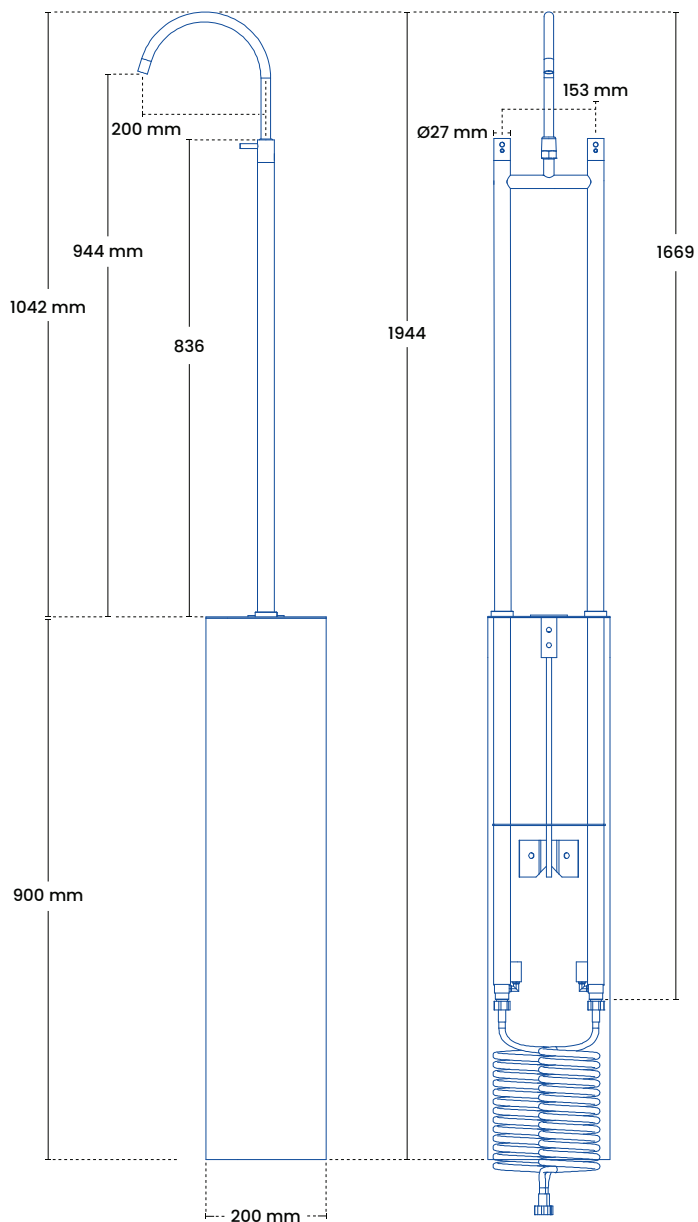

Dimensions H-W-D	1750 x 200 x 200 mm
Weight	14 kg

### Frostline valve

Capacity	23 l/min. 2-6 bar
O-rings	Service set 9010

### Variants

Product	VVS no..	Description
5080-1-101	743469024	Glassblown
5080-1-107	743469028	Copper

**With well** For function and warranty, there is a requirement for a frost-free water supply year-round, that the well is buried so the top is at ground level, and that the well is always dry. Below 5 degrees, hose connectors or equipment must not be installed
